Telephone Number: 441-4242

Subject: Friable Asbestos Removal and Disposal from the <sup>Cleveland Trust</sup> ~~XXXXXX XXXX XXXX~~  
Building

Dear Mr. Drenik:

This is to advise you that your asbestos removal notification hand delivered on June 23, 1989 regarding the removal and disposal of friable asbestos from the Cleveland Trust Building located at 1801 East 9th Street, Cleveland, has received a detailed review and evaluation by this Agency as required by the provisions of the Air Pollution Code for the City of Cleveland and the requirements of the National Emission Standards for Hazardous Air Pollutants 40 CFR 61.140-156 "Subpart M". Accordingly, authorization for the removal and disposal of asbestos containing material from the above listed facility is hereby granted subject to the following conditions:

1. Asbestos Removal Starting Date: July 3, 1989
2. Type of Structure: Pipe, Ductwork and/or Ceiling Insulation/Fireproofing
3. Disposal Site: Meadowfill Corporation  
Clarksburg, West Virginia

This disposal site must be operated pursuant to 40 CFR 61.156 "Active Waste Disposal Sites" in addition to all State and Local regulations. A copy of the disposal receipt must be submitted to this office within 30 days of completion of this job.

4. All friable asbestos during cutting or disjoining of pipes, ductwork or other structural members shall be adequately wetted. Such units shall not be dropped or thrown to the ground, but shall be carefully lowered to ground level.

(Continued)

Mr. Gregory L. Drenik

5. All friable asbestos must be adequately wetted during stripping. All asbestos containing waste material shall be sealed while wet into plastic bags with a combined thickness of at least 6 mils. These plastic bags shall be sealed into leaktight drums and deposited at the above mentioned disposal site. Drums must display the following warning label (or OSHA equivalent):

Caution  
Contains Asbestos  
Avoid Opening or Breaking Container  
Breathing Asbestos is Hazardous  
To Your Health

6. A person shall be assigned supervisory authority for all aspects of the asbestos removal operation and shall be available at the removal site at all times during the asbestos removal operation.
7. This authorization is not renewable or transferrable and may be revoked for failure to implement any of the applicable provisions of 40 CFR 61.140-156 or the provisions listed herein. In addition, this authorization will expire on August 3, 1989; if the asbestos removal operation will continue beyond this date, the applicant must apply for and obtain an additional authorization within 5 days prior to the expiration of this authorization.

This letter also serves as notification of receipt of your check in the amount of \$25. for your permit fee.

If you have any questions concerning this matter, please call me at (216) 441-7400 or the Acting Chief, Bureau of Engineering Services at (216) 441-7414.
